

**NESTA**

Native English Speaking Teachers' Association

## Professional Development Day

### Basic Concept of iPad Usage in Classroom (General)

This workshop will serve as an orientation to the use of iPads for integrating into a day-to-day local curriculum. Participants will have hands-on practice by participating in student centric activities, using different classroom Apps and will be guided to explore educational resources such as iTunes U, iBooks, Apps, and web tools to design classroom activities. Global and local cases will also be shared to facilitate the exchange of best practices.

'Introduction to Implementing Drama in the Classroom' session
